

# LA ROSE DU TAILLAN

*Joyeuse*

## For the anecdote...

This collection is a true olfactory, visual and emotional experience. The flowers' queen is an ambassador for women and our park's biodiversity. Each color of rose has a meaning and a message to convey. Praised since antiquity by the greatest poets, roses express Love. The pinker the shade, the more it expresses sweetness, joy and gratitude. Thus, La Rose du Taillan Joyeuse was born.
